Horizon Young Adult Carers Service

Working in County Durham Supporting Young Adult Carers, aged 14 -25 through Transitions

Young Adult Carers are resilient, strong and capable people...

However they may experience multiple issues that require additional support .

The person they care for is usually a parent, sibling or grandparent and they may be required to carry out a variety of tasks like cooking, housework, shopping, physical and personal care, parenting younger siblings and providing emotional support.

They can be a primary, secondary or sibling carer within their family.

Possible effects of caring...

- Restriction on social lives
- Impact on further education and employment
- Social isolation
- Fear of professionals
- Restriction of future life choices
- Hidden from services
- Financial hardship

Care responsibilities also present numerous barriers to Young Adult Carers achieving good qualifications, employment, housing, relationships and reaching their full potential.

Horizon Offer...

- Support to identify future goals and aspirations
- Full assessment of needs
- Advocacy
- Transition support
- Information, advice and guidance
- Activities
- Family service
- Helpline
- Peer mentoring
- Volunteering
- Access to Carers Breaks; for example this could be a gym membership or driving lessons
- Access to County Durham Carers Discount Card

As well as offering direct support we offer training, information, advice and guidance to statutory and voluntary services and agencies working with Young Adult Carers.
